Amy,

I'm copying this to Jayme Graham. These are a bit out of my purview, and I'm honestly not sure of the status. Hopefully she can answer you. I do know that your colleagues have started the process of conducting our Title V financial audit. I also don't know how that will affect our responses to these questions.

**Subject:** Follow Up || Title V Program Evaluation Deliverables

Hi JoAnn – I have been meaning to check in with you about the last two deliverables, related to the Title V Program Evaluation EPA did in 2018. Based on the information I inherited from my colleagues, there's a (1) Schedule for modifying fees and (2) an Analysis of major obligations and expenditures due to EPA. Can you provide me with a status update on those items? Also, if you've already submitted them, I apologize in advance.

Please let me know if you have any questions or if you'd like to discuss this further.

Thank you,  
Amy
